

ATTENTION:

MAKE SURE YOU WATCH IN HD / 4K! I'm always hesitant to visit any salon or stylist with having 4C hair. The last time I was at a salon I got heat damage and experienced a lot of breakage because of the unnecessary pulling. Since that horrible experience I have avoided salons for 5 years and my hair was in need of a desperate trim/cut. I learned about, "The Curl Suite" and stylist Sheryl on Instagram. In this video, you will see highlights from the 2.5-hour salon visit and how she handled my hair. This hairstyle lasted a full week, thanks for watching!
